## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1,2, drawn to regulatory site for a mitochondrial proton leak.

Group II, claim(s) 3-52, drawn to a screening method for the identification of compounds which modulate a regulatory site on mitochondria.

Group III, claim(s) 53-55 and 57, drawn to a compound that modulates mitochondrial proton leak.

Group IV, claim(s) 56 and 58-60, drawn to a method of treating a body weight disorder in a patient.

2. The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: A preliminary search revealed an anticipatory reference (Marban et al., U.S. Patent 6183948 B1) (February 6, 2001) against claims 3-52 of Group II. Therefore, claims of other Groups as mentioned above lack the same or corresponding

special technical features under PCT Rule 13.2 as they do not relate to a single general inventive concept under PCT Rule 13.1.

3. A telephone call was made to Harriet Strimpel on July 10, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
